Baseline Document Change Announcement

Traffic Control Plan Design Parameters

BDC01MR-1

August 31, 2001

Subject: Revisions to Subsection 14-05, Development of Traffic Control Plan Design Parameters, of the NJDOT *Design Manual – Roadway*

The revisions to the *Design Manual – Roadway* introduce the *Road User Cost Manual* issued by BDC01T-7, dated August 30, 2001. The third paragraph of subsection 14-05 has been revised to indicate that the *Road User Cost Manual* can be used as a design tool on Department projects. Additionally, note number 8 on page 14-5 has been revised to include the QMS Construction Scheduling and Assessment Section in the process for reviewing accelerated construction schedules.

The attached pages 14-3 through 14-6 of the NJDOT *Design Manual – Roadway* replace the existing corresponding pages.

Instructions to Designers

The designer should consider the option to use the *Road User Cost Manual* as a design guide.

Distribution and Announcement Access Information

This announcement is being distributed electronically to our in-house staff and various public agencies based on our *Design Manual - Roadway* distribution list maintained by the Engineering Documents Unit.

Internet access to this BDC Announcement can be downloaded and viewed from the following New Jersey Department of Transportation Web Page:

<http://www.state.nj.us/transportation/cpm/BaselineDocuments/bdcdownloadmr.htm>.

In-house staff can copy or view this BDC Announcement files in the QM shared area on the NJDOT-FA-NTS7 server. To access this area, open Windows Explorer on an NJDOT Network Computer. Go to the drop down menu labeled **Tools**, and then select **Map Network Drive**. In the path box type in \\NJDOT-FA-NTS7\QM, then click on the OK button. All files are located in the QM\BDC Announcements\BDC 01 Folder.

Hard copies of this document can be acquired on a limited basis by contacting:
